

Declaration BSE/TSE Free Product Policy

Transmissible Spongiform Encephalopathy (TSE)
Bovine Spongiform Encephalopathy (BSE)

August 2025

TSE includes BSE, the bovine form occurring in the cows (mad-cow-disease) the scrapie disease in sheep, as well as the human form: the variant-Creutzfeldt-Disease (vCJD).

This letter is to confirm that all Teknipure products are manufactured completely from synthetic or manufactured materials and do not contain any raw materials produced from, or substances derived from animal origin.

Moreover, these products are not derived from specific-risk materials as defined in the European Commission decision 97/534/EC.

The manufacturing process does not use any ingredient of animal origin nor do our products come in contact with animal products during storage and transportation. All products produced by Teknipure are free from Transmissible Spongiform Encephalopathy (TSE) and Bovine Spongiform Encephalopathy (BSE).

We further declare that our products are dioxin-free.

Please direct your questions and inquiries to your Teknipure Sales Representative or Customer Service at cust-serv@teknipure.com

Sincerely,

Michael Jelenevsky
