## TekniMop Microfiber Flat Mops

TekniMop Microfiber flat mops are an excellent choice for controlled environment cleaning of floors, walls, and ceilings. Their excellent performance is due to the combination of the "pick-up" of Microfiber, the absorbency of foam, and the strength of polyester. Our TekniMop Microfiber flat mops are lightweight, ergonomic, and easy-to-use on all surfaces; and provide best performance at Economical costs. They are constructed of microfiber Surface, PU foam inner, and polyester support for surface cleaning (smooth or textured) of floors, walls, ceilings, ND hoods.

## TekniMop Looped Microfiber Mops

TekniMop Looped Microfiber Mops are an excellent choice for cleaning floors in controlled environments and they are Class 10 laundered and packaged. The edgeless loops of washed microfiber tubes provide best performance with no snags. These mops are lightweight, ergonomic, and easy-to-use on all surfaces; and they are compatible with most solvents and cleaning solutions. The mops' robust design allows for effective washing and re-use as protocols allow, and provide best performance at economical costs.

### Standard Features

- Ultra-low particle, fiber NVR, and ion levels
- Free of silicon, amides, and DOP contamination
- Class 10 cleanroom laundered for your critical janitorial needs
- Robust design allows for snag-free use, and effective washing (re-use as protocols allow)
- Compatible with most solvents and cleaning solutions

*Hardware sold seperately		

### Be sure to try our TekniMat adhesive entry mats to keep your production floors clean

Teknipure is dedicated to the development, manufacturing, and distribution of innovative cleanroom and other controlled environments consumable contamination solutions. Our products are designed to prevent, control, and remove contamination effectively and efficiently.

Since 2008, we have responded to market needs by developing and supplying easy-to-use, well-identified, and continuously available products that are manufactured according to the most stringent standards.

- Dry Wipes
- Pre-Sat Wipes
- Sterile Wipes
- Swabs
- Gloves
- Face-Masks
- Mopping Systems
- Adhesive Entry Mats
- Many More

### We Give You More:

- Innovative Solutions
- Highest Quality Products
- Responsive to Market Needs
- Easy-To-Use Solutions
- Well-Identified Products
- Stringent Manufacturing Standards
- Global Distribution Network
- Environmentally Responsible
- Customer-Centric
- Available Inventory
