## TekniZorb Microfiber Wipers

TekniZorb microfiber wipers provide best ability to capture and hold ("pick-up") contamination in critical cleaning applications which require pristine surfaces. TekniZorb microfiber removes contaminants and bio-burdens, polishes, restores surfaces, and retains all fiber; no costly shedding. We offer a family of microfiber fabrics which provide best Intrinsic & Extrinsic performance to tackle your most difficult surface cleaning applications. We make knit, woven, and non-woven microfiber products safe for all ranges of controlled environments. We offer these pre-saturated and sterile, and in other product configurations such as swabs and mops. We manufacture these pre-saturated, and sterile, and in other product configurations such as swabs and mops. These unique microfiber fabrics provide best performance and value for critical cleaning applications. Most effective wiping performance which attracts & holds contaminants. The wedge like yarn structure effectively traps all micro-contamination (particle, fiber, & oil based)

### Standard Features

- Ultra-low Particle and Fiber loss
- Ultrasonic Sealed Edges or Borders for best fiber & particle retention
- Free of Silicon, Amides, and DOP contamination
- Solvent safe double bag cleanroom packaging
- Super soft for scratch sensitive surfaces
- Resists abrasion when used with rough surfaces
- Works well with IPA and other cleaning solvents, available pre-wet
- Sterile available for Aseptic applications
- Certificate of Conformance with lot traceability for each lot

Teknipure is dedicated to the development, manufacturing, and distribution of innovative cleanroom and other controlled environments consumable contamination solutions. Our products are designed to prevent, control, and remove contamination effectively and efficiently.

Since 2008, we have responded to market needs by developing and supplying easy-to-use, well-identified, and continuously available products that are manufactured according to the most stringent standards.

## Teknipure Microfiber Wiper Selection

	Class 1-10 / ISO 3-4	Class 10-100 / ISO 4-5	Class 100-10,000 / ISO 5-7
<b>Product #</b>	TZ3MFB1	TZ2MFU1	TZ1MF
<b>Material Type</b>	Non-Woven Long Microfiber	Non-Woven Long Microfiber	Non-woven Short Microfiber
<b>Edge / Processing</b>	Ultrasonic Sealed Border	Ultrasonic Sealed Edge	Hot Knife Cut
<b>Available Sizes</b>	4" x 4", 9" x 9", 12" x 12"	4" x 4", 9" x 9", 12" x 12"	4" x 4", 9" x 9", 12" x 12"

### Applications

- Selections compatible with all grades of controlled environments & available pre-wet and sterile
- Cleanroom Launderd & Packaged
- Ideal for removing oil based contamination, 100% removal
- Works well for process cleaning; ultra pure substrate / best performance
- Soft texture will not scratch sensitive surfaces when force is applied
- Works well for difficult particle removal; excellent abrasion resistance
- Ideal product choice for any critical process requiring best yield protection
- Recommended for any critical surface cleaning application
- Compatible with ISO Class 4-7 (Class 10-10,000) environments

### We also offer:

- Dry Wipes
- Pre-Sat Wipes
- Sterile Wipes
- Swabs
- Gloves
- Face-Masks
- Mopping Systems
- Adhesive Entry Mats
- Many More

### We Give You More:

- Innovative Solutions
- Highest Quality Products
- Responsive to Market Needs
- Easy-To-Use Solutions
- Well-Identified Products
- Stringent Manufacturing Standards
- Global Distribution Network
- Environmentally Responsible
- Customer-Centric
- Available Inventory
