Teknipure Awarded ISO 9001:2015 Certification

Mesa, Arizona – February 11, 2020 – Teknipure, the premier developer, manufacturer, and distributor of innovative controlled environments consumable contamination solutions, has been awarded the coveted ISO 9001:2015 certification.

Since 2008, Teknipure has been developing and supplying easy-to-use, well-identified, and continuously available products that are manufactured according to the most stringent standards. Now, the International Organization for Standardization has awarded Teknipure with a certificate for "Quality Management Systems standards". More specifically, Teknipure's certificate covers a wide scope of activities including "Development, manufacturing and distribution of cleanroom consumables".

"We are delighted and excited to have this recognition by the International Organization for Standardization" said Christopher Heiland, president of Teknipure. "This is a testament to our commitment to quality process that produces superb quality products for all controlled environments", added Heiland.

About Teknipure:

[Teknipure](https://teknipure.com/) is the premier developer, manufacturer, and distributor of innovative cleanroom and other controlled environments consumable contamination solutions. Our products are designed to prevent, control, and remove contamination effectively and efficiently. Since 2008, we have responded to market needs by developing and supplying easy-to-use, well-identified, and continuously available products that are manufactured according to the most stringent standards.
