Solutions

## TekniMask

TekniMask is a 3-layer pleated facemask which provides 99.9% bacterial filtration efficiency, and is ultra-clean with ultra-low particles and fibers.

TekniMasks are constructed with a propriety blend of both nonwoven and melt-blown polypropylene layers with ear-loops, bands, or ties. They provide excellent operator comfort and reduced contamination. TekniMasks are odor free, and they are cleaner and better performing alternative to non-woven polypropylene masks. Our TekniMasks are Class 10 compatible.

### Standard Features

- Configured with non-woven (ES) filter element /meltblown (MBPP) outer layers
- Very low particle and fiber release and no shedding
- Full coverage with comfort and 7" x 3.5 " OP ear-loops
- High bacterial filtration efficiency of 99.9%
- Manufactured and packaged in cleanroom environment
- Solvent-safe double bag cleanroom packaging
- Ultra-low lint level which is suitable for Class 10+ environments

Teknipure is dedicated to the development, manufacturing, and distribution of innovative cleanroom and other controlled environments consumable contamination solutions. Our products are designed to prevent, control, and remove contamination effectively and efficiently.

Since 2008, we have responded to market needs by developing and supplying easy-to-use, well-identified, and continuously available products that are manufactured according to the most stringent standards.

## TekniMask Ordering Information

<b>Part Number:</b>	TM-EL7
<b>Packaging:</b>	50/Pack (double bagged), 20 Packs/Case

### Applications

- Superior for use in electronic, aerospace, medical device, or other contamination sensitive industries
- Provides comfortable and effective filtration barrier between operator and environment to minimize risk

**Be sure to try our TekniPro Nitrile Gloves (white or blue) for your controlled environment hand protection**

- Dry Wipes
- Pre-Sat Wipes
- Sterile Wipes
- Swabs
- Gloves
- Face-Masks
- Mopping Systems
- Adhesive Entry Mats
- Many More

### We Give You More:

- Innovative Solutions
- Highest Quality Products
- Responsive to Market Needs
- Easy-To-Use Solutions
- Well-Identified Products
- Stringent Manufacturing Standards
- Global Distribution Network
- Environmentally Responsible
- Customer-Centric
- Available Inventory
